

Medical services price list

ENDOSCOPY LABORATORY

procedure	prices as of 10th Oct 2022
esophagoscopy	240,00 PLN
esophagoscopy with biopsy (material collection)	435,00 PLN
incision of an oesophageal scar	4 880,00 PLN
incision of esophageal stricture	4 880,00 PLN
thermoablation of intestinal metaplasia in the oesophagus using the APC method	1 520,00 PLN
thermoablation of intestinal metaplasia in the oesophagus using the HybridAPC method	5 040,00 PLN
thermoablation of intestinal metaplasia in the oesophagus using the RFA-Halo method	15 260,00 PLN
excision of an oesophagus lesion(s) using an electric loop	1 690,00 PLN
destruction of oesophageal lesion(s) by the APC method	1 515,00 PLN
destruction of oesophageal lesion(s) by HybridAPC method	5 040,00 PLN
destruction of oesophageal lesion(s) by coagulation (coagasper)	2 425,00 PLN
destruction of oesophageal lesion(s) by by mucosectomy (dual knife)	5 475,00 PLN
removal of oesophageal lesion(s) by the ESD method	20 000,00 PLN
removal of oesophageal lesion(s) by the EMR method	7 500,00 PLN
stopping oesophageal bleeding - clip	3 700,00 PLN
stopping oesophageal bleeding - rubber band/endoloop	3 700,00 PLN
stopping oesophageal bleeding - APC	3 700,00 PLN
stopping oesophageal bleeding - coagulation	3 700,00 PLN
stopping oesophageal bleeding - injections	3 700,00 PLN
dilatation of the oesophagus with a dilatation balloon	4 500,00 PLN
oesophageal prosthesis with a self-expanding metal prosthesis	21 000,00 PLN
removal of an oesophagus prosthetic	1 310,00 PLN
oesophageal prosthetic unblocking by the APC method	1 515,00 PLN
insertion of an applicator for brachytherapy in oesophageal cancer	2 500,00 PLN
obliteration of oesophageal varices - banding	4 500,00 PLN
obliteration of oesophageal varices - injections	4 500,00 PLN
insertion of endovac in the oesophagus	2 700,00 PLN
removal of endovac in the oesophagus	580,00 PLN
unblocking of the oesophagus using a waterjet and/or a rat teeth-type endoscopic forceps	425,00 PLN
transoral submucosal endoscopic myotomy of Zenker's diverticulum	11 630,00 PLN
tattooing the borders of the tumour in the oesophagus	1 020,00 PLN
removal of other foreign body in the oesophagus	580,00 PLN
diagnostic gastroscopy	270,00 PLN
diagnostic gastroscopy with a trauma test	435,00 PLN

ENDOSCOPY LABORATORY

diagnostic gastroscopy with biopsy	465,00 PLN
tattooing the borders of the tumour in the stomach	1 020,00 PLN
gastroscopic polypectomy with forceps	1 900,00 PLN
gastroscopic polypectomy with an electric loop	1 785,00 PLN
gastroscopic polypectomy by the loop mucosectomy (EMR) method	7 500,00 PLN
dilatation of the stomach with a dilatation balloon	4 700,00 PLN
stopping bleeding in the stomach - clip	3 700,00 PLN
stopping bleeding in the stomach - rubber band/endoloop	3 700,00 PLN
stopping bleeding in the stomach - APC	3 700,00 PLN
stopping bleeding in the stomach - coagulation	3 700,00 PLN
stopping bleeding in the stomach - injections	3 700,00 PLN
APC thermoablation of intestinal metaplasia in the stomach	1 515,00 PLN
removal of a lesion(s) in the stomach using an electric loop	1 700,00 PLN
destruction of stomach lesion(s) by the APC method	1 515,00 PLN
destruction of stomach lesion(s) by the HybridAPC method	5 040,00 PLN
destruction of stomach lesion(s) by the coagulation method (coagasper)	2 425,00 PLN
destruction of stomach lesion(s) by mucosectomy (dual knife)	5 475,00 PLN
destruction of stomach lesion(s) by the ESD method	20 000,00 PLN
removal of the gastric stump drain	350,00 PLN
insertion of endovac in the stomach	2 700,00 PLN
removal of endovac from the stomach	580,00 PLN
removal of gastric lesion(s) by the EMR method	7 500,00 PLN
creation of a fistula and insertion of PEG	1 970,00 PLN
insertion of a new PEG probe	4 200,00 PLN
removal of the used PEG probe	270,00 PLN
sealing of the internal gastrostomy outlet	1 575,00 PLN
removal of a nutritional gastrostomy without the use of an OTSC kit	200,00 PLN
removal of a nutritional gastrostomy with the use of an OTSC kit	7 581,00 PLN
insertion of a floicare nutritional probe	456,00 PLN
removal of a floicare nutritional probe	424,00 PLN
EUS	3 000,00 PLN
EUS with biopsy	4 000,00 PLN
duodenoscopy with a gastroscope	307,00 PLN
duodenoscopy with gastroscope and specimen sampling	509,00 PLN
removal of duodenal lesion(s) using the ESD method	20 000,00 PLN
duodenal incision	4 880,00 PLN
duodenal prosthesis with a self-expanding metal prosthetic	21 000,00 PLN
removal of the duodenal prosthetic	1 308,00 PLN

ENDOSCOPY LABORATORY

stopping bleeding from the small intestine - clip	3 700,00 PLN
stopping bleeding from the small intestine - rubber band/endoloop	3 700,00 PLN
stopping bleeding from the small intestine - APC	3 700,00 PLN
stopping bleeding from the small intestine - coagulation	3 700,00 PLN
stopping bleeding from the small intestine - injections	3 700,00 PLN
dilatation of the small intestine with a dilatation balloon	4 700,00 PLN
diagnostic colonoscopy	850,00 PLN
diagnostic colonoscopy with biopsy	950,00 PLN
diagnostic colonoscopy through the stoma	850,00 PLN
diagnostic colonoscopy through the stoma with biopsy	950,00 PLN
tattooing the borders of the tumour in the large intestine	1 300,00 PLN
colonoscopic polypectomy with forceps	200,00 PLN
colonoscopic polypectomy with a "cold" loop	1 880,00 PLN
colonoscopic polypectomy with an electirc loop	1 880,00 PLN
colonoscopic polypectomy by loop mucosectomy (EMR)	7 500,00 PLN
incision of the lesion in the large intestine	5 270,00 PLN
removal of large colon/rectal lesion(s) using an electric loop	1 890,00 PLN
destruction of large colon/rectal lesion(s) by the APC method	1 345,00 PLN
destruction of large colon/rectal lesion(s) by the HybridAPC method	4 870,00 PLN
destruction of large colon/rectal lesion(s) by the coagulation method (coagasper)	2 255,00 PLN
destruction of large colon/rectal lesion(s) by the mucosectomy (dual knife) method	5 570,00 PLN
destruction of large colon/rectal lesion(s) by the ESD method	20 000,00 PLN
destruction of large colon/rectal lesion(s) by the FTRD method	20 000,00 PLN
destruction of large colon/rectal lesion(s) by the EMR method	7 500,00 PLN
stopping bleeding from large intestine/rectum - clip	3 700,00 PLN
stopping bleeding from large intestine/rectum - rubber band/endoloop	3 700,00 PLN
stopping bleeding from large intestine/rectum - APC	3 700,00 PLN
stopping bleeding from large intestine/rectum - coagulation (coagasper)	3 700,00 PLN
stopping bleeding from large intestine/rectum - injections	3 700,00 PLN
dilatation of the large intestine with a dilatation balloon	4 700,00 PLN
large colonic prosthetic with a self-expandable metal prosthetic	25 000,00 PLN
removal of a large colonic prosthetic	1 450,00 PLN
insertion of endovac in the large intestine	2 720,00 PLN
removal of endovac in the large intestine	450,00 PLN
removal of perforations in the large bowel using OTSC	6 040,00 PLN
rectoscopy	200,00 PLN
rectoscopy with biopsy	295,00 PLN
dilatation of the rectum with a dilatation balloon	3 124,00 PLN
incision and widening of the rectal anastomosis	7 770,00 PLN
insertion of endovac in rectum	2 530,00 PLN

ENDOSCOPY LABORATORY

removal of endovac in rectum	375,00 PLN
insertion of OTSC in rectum	5 960,00 PLN
destruction of rectum/anus lesion(s) by the APC method	1 385,00 PLN
destruction of rectum/anus lesion(s) by the HybridAPC method	4 870,00 PLN
destruction of rectum/anus lesion(s) by the coagulation method (coagasper)	2 255,00 PLN
destruction of rectum/anus lesion(s) by the mucosectomy (dual knife) method	5 570,00 PLN
removal of rectum/anus lesion(s) by the ESD method	20 000,00 PLN
removal of rectum/anus lesion(s) by the FTRD method	1 015,00 PLN
destruction of rectum/anus lesion(s) by the EMR method	7 500,00 PLN
stopping the bleeding from rectum/anus - clip	3 700,00 PLN
stopping the bleeding from rectum/anus - rubber band/endoloop	3 700,00 PLN
stopping the bleeding from rectum/anus - APC	3 700,00 PLN
stopping the bleeding from rectum/anus - coagulation (coagasper)	3 700,00 PLN
stopping the bleeding from rectum/anus - injections	3 700,00 PLN
tattooing the borders of the tumour in the rectum	1 020,00 PLN
closure of a rectal fistula	1 500,00 PLN
destruction of anus lesion(s) by the APC method	1 345,00 PLN
destruction of anus lesion(s) by the HybridAPC method	4 870,00 PLN
destruction of anus lesion(s) by the coagulation method (coagasper)	2 255,00 PLN
destruction of anus lesion(s) by the mucosectomy (dual knife) method	5 580,00 PLN
removal of the lesion(s) by the ESD method	20 000,00 PLN
removal of the lesion(s) by the FTRD method	13 015,00 PLN
removal of the lesion(s) by the EMR method	7 500,00 PLN
stopping the bleeding from anus - clip	3 700,00 PLN
stopping the bleeding from anus - rubber band/endoloop	3 700,00 PLN
stopping the bleeding from anus - APC	3 700,00 PLN
stopping the bleeding from anus - coagulation (coagasper)	3 700,00 PLN
stopping the bleeding from anus - injections	3 700,00 PLN
incision of the anal sphincter	5 266,00 PLN
intravenous anaesthesia for endoscopic procedures up to 30 min.	600,00 PLN
intravenous anaesthesia for endoscopic procedures longer than 30 min.	850,00 PLN
